PRICE TWO CENTS

WOMEN STARVE IN JAIL AS MARTYRS TO BALLOT FIGHT

English Suffragettes Refuse Food—Many are Sick Fearing Some Will Die Two Liberated

GET PREMIER AT UNVEILING

Women Seeking Votes Create an Unequaled Scene and Premier Flees From the Mob

LONDON, July 20.—The officials of Holloway jail, where the suffragettes sentenced since the riots are confined, are today confronted by a serious situation after the release last night of Florence Cooke and Gladys Roberts, two of the suffragettes, to prevent them from starving themselves to death.

The jailers feared this would result from the "hunger strike" which is still persisted in by a dozen or more of the most enthusiastic prisoners. Several have eaten nothing for several days and their physical condition has become alarming.

The released suffragettes, Misses Roberts and Cooke, are being hailed by their comrades as martyrs. Both are in a dangerous condition, Miss Roberts being so weak and hysterical that her recovery is expected to take months. Misses Roberts and Cooke, when taken to Holloway jail, insisted upon being treated as political prisoners. When they were locked up as common offenders they rebelled, smashed prison windows, broke their cell furniture, destroyed the prison clothing given them and assaulted the turnkeys. The jailers thereupon put the two suffragettes in solitary confinement and the latter retaliated by refusing to eat the prison food. For six days they persisted in the refusal. Yesterday, scarcely able to walk from the jail, they were allowed to go lest they die in jail.

Sympathetic Offers Reward
Owing to the ignorance of the released women as to what took place outside their own cells and the jailers' refusal to give any details of the hunger strike few details are obtainable. It is learned, however, that at least a dozen of the remaining prisoners are starving themselves and a number of them are in a serious condition.

Impetus has been added to the hunger strike by the announcement of Pethick Lawrence, arch-suffragette sympathizer, that he will pay \$5 to the suffragette cause for every hour that each prisoner fasts in jail.

Attack the Premier
England's militant suffragettes are no respecters of time or place. They want to vote and they don't care who knows it.

On the other hand they are desirous of having everybody know it and especially do they desire to bring their politics to the notice of Premier Asquith whom they follow like a collector does a bankrupt.

Premier Asquith today took part in the unveiling of the statue of Sir Wilfrid Lawson on the Thames embankment gardens and he is heartily sorry that he did.

For the lady suffragettes seized upon this public occasion to let the premier know their wishes. The methods they took were a little loud and somewhat unique but they now believe the premier is fully aware of their desire to vote.

Drowned His Voice
When Asquith arose to speak a few hundred of the suffragettes posted themselves on the tops of all the adjoining houses, armed with megaphones. Every time the premier reached one of those wonderful oratorical climaxes for which he is noted, the lady suffragettes screamed: "We want votes for women," so loudly and in such discord that the effect of the well rounded sentences of the premier were totally lost.

But this was not all. Like the six hundred at Balaklava they charged the premier, gathering their skirts about them, these suffragettes who were not engaged in the house top concert, dashed through the crowd at the base of the monument, each bearing aloft a petition which they tried at one and the same time to press into the hand of the premier.

Simultaneously a monster balloon in the basket of which were a number of suffragettes, each armed with thousands of circulars bearing the words "Votes for women" was unleased from a neighboring parade ground and floated directly over the monument while the suffragettes poured out their wrath and their handbills on the head of the premier and the assembled guests.

The police were summoned and dashed through the crowd in the garden making a cordon about the premier and preventing the suffragettes from continuing their protest.

GRAND JURY BEGINS HEARING OF THE SAYLER MURDER TRIAL TODAY

Mrs. Lucy G. Saylor, wife of the murdered banker, now held as an accessory. Dr. W. R. Miller and his son in an automobile. Miller is charged with the murder of John Byron Saylor, the Crescent City banker.

WATSEKA, Ill., July 20.—A special grand jury convened here today to hear the evidence in the Saylor murder case. State's Attorney Pallas expects that true bills will be returned before night against Dr. Wm. R. Miller, now under arrest on charge of murdering John B. Saylor, the Crescent City, Ill., banker, and against Mrs. Saylor and John Grunden, her father, now held as accessories.

While the grand jury was convening considerable interest attached to a report that a bloody shirt waist belonging to Mrs. Saylor had been found under a carpet in the Saylor home. The prosecution expects to allege that Mrs. Saylor sat on her husband's chest while he was dying. Another clew said to have been discovered is a bloody hand print upon the ceiling of the room in the Saylor home, where the tragedy occurred.

UNFORTUNATE BOYS AT PEACE TODAY

George Lapitz and Joseph J. Bezpaletz Buried After Touching Services

With sad but impressive services, the remains of George Lapitz and Joseph Bezpaletz, the two boys who were drowned in the Mississippi river Sunday while bathing near Running Slough, were interred in their final resting place at the Catholic cemetery this morning.

Grief stricken and sorrowing friends and relatives followed the two bodies to the grave and expressions of sympathy for the bereaved families were heard on every side. Bezpaletz and Lapitz were cousins. They were also "pals." The two boys, of about the same age, had the greatest regard for each other and were frequently seen together. One died trying to save the other, Lapitz being drawn into the treacherous quick sands of a bar and Bezpaletz going to his rescue.

At St. Mary's church this morning Dr. Condon preached a touching sermon over the bier of Lapitz. The church was filled with fellow employees of the deceased and with his large circle of friends and sorrowing relatives. Greene's Limited store, where the young man was employed as head bookkeeper and cashier at the time of his death, was closed the entire morning to allow the employees to attend the services.

Bezpaletz's funeral services were held at St. Wenceslaus Catholic church. Here Rev. Father Xavier Till read the sad burial service of the Bohemian church to the assembled audience of mourners.

BRITISH STATESMAN CHAMBERLAIN DYING

Distinguished Member of the English Government and Colleague of Gladstone Is Dying

Joseph Chamberlain

LONDON, July 20.—It is generally believed today that James Chamberlain, the great statesman and ex-premier, is at the door of death. The fact that King Edward called at the home of the politician yesterday and spent some time with him is significant of the fact that Chamberlain cannot recover, for the king never visits private individuals unless he is assured the recipient of his visit is at the point of death.

Chamberlain has been in failing health for some time, but recently his physicians have given out that he was improving both in health and spirits. Since the visit of King Edward, however, it has leaked out (Continued on page 6.)

Russian Fur Agent Arrested for Selling Goods Without State License

OTHER CITIES WELCOME HIM

States Leading Merchants Gives Him Display Space and Think Line Is a Feature

Because he did not have a state license as transient merchant, and neglected to "come up" when notified to do so by Assistant Treasury Agent Leonard Kleeber, S. I. Lichterman, a representative of the Orloff Fur company, one of the largest importing houses in the world, was placed under arrest by Officer Kleeber yesterday, formally ordered out of the city and forced to spend \$15 for attorney's fees before he got out of his dilemma.

With his assistant, Mr. E. M. Lyons, Mr. Lichterman arrived in La Crosse yesterday and engaged a sample room at the Stoddard hotel. They exhibited one of the finest collections of rich furs ever shown here. "Nearly \$100,000," said Mr. Lichterman, when asked as to the value of the display.

Discriminating and fastidious buyers of fine furs throughout the city were notified of the exhibit and by noon the agent had a large party of connoisseurs inspecting his line. At about this time the treasury agent walked into the room. He took Mr. Lichterman to his office under arrest and the sale was ended. Mr. Lichterman left La Crosse this morning for Minneapolis.

"In any other city they would have been glad to have me come, but La Crosse is like my country, Russia. You are trying to hold me up," said Mr. Lichterman. "When a man comes to me and shows me a badge telling me I'm arrested I will always go with him even if it's to the end of the earth. I learned that before I got out of Russia. There if a man stops you and asks you the color of your grandmother's eyes or how many teeth your sister-in-law's baby has you've got to answer and answer right. I answered right in this case."

"This is a line you will never see again. It is customary for the merchants in the leading stores of the larger cities to floor space, as they realize the advertising value of such a feature. Then everyone gets a chance to see these goods. In La Crosse they arrest us."

The statutes provide that transient merchants, non-resident in the state, must pay a license of \$75 to the state and a city license not to exceed \$15 per day for every day they operate.

FURTHER SESSIONS IN ARBITRATION

The board of arbitration having in charge the settlement of the difficulties still existing between the La Crosse City Railway company and the carmen, is still arbitrating. A session was held this morning at Mr. Ferris' office, and the remaining points of dispute, the wage question and the method of appointing committees to submit complaints and grievances were discussed. No settlement has been made but these are the only issues now before the board.

Impatient over the delay of the arbitrators, the carmen's union at its last session suggested to their arbitrator, Fred H. Hartwell, the names of five men from which they asked that a man be appointed as the third member of the board and the matter taken up by the arbitration board.

Unless a speedy settlement is reached by the arbitrators a third man will be chosen tomorrow.

AUGUST 11 DATE FOR NEW JUNKET

If present plans do not miscarry, the La Crosse Manufacturers and Jobbers' association will picnic at McGregor Wednesday, August 11. It is planned to make it a river excursion, the steamer La Crosse being engaged to make the trip.

In former years it has been the custom of the manufacturers to go by rail, but this year many of the members objected on the ground that the river trip is much more pleasant.

MRS. IVERTSON DEAD
Mrs. F. Iverson, an inmate of the La Crosse county poor farm for the past four years died there this morning at 11:20 from the infirmities of old age. The funeral will be held tomorrow interment being made at Oak Grove cemetery.

GINGLES GIRL FOUND NOT GUILTY "WHITE SLAVE" STORY IS UNTRUE

Ella Gingles at left. Her sister, Elizabeth Gingles, at right. From latest picture.

"Nearly 50 years ago, during the perilous and trying days of the Civil war, Rev. Henry Ward Beecher on a Sunday morning called into his pulpit a young mulatto girl.

"Standing beside this young mulatto slave, Henry Ward Beecher made an impassioned plea for this young girl's liberty to his congregation and for her protection from her persecutors. And following his illustrious example I call this young Irish lacemaker into my pulpit today whom her traducer and villifiers are trying to sell into a slavery worse than that of the young mulatto girl of 50 years ago, and in the name of justice and humanity I beg of you to shield and protect her from those who are seeking her moral and physical ruin by every means known to cruel and crafty slave dealers."—Rev. R. Keene Ryan.

A DOUBLE-EDGED VERDICT RENDERED

Both Sides Happy in Verdict Reached After Expensive Trial of Lacemaker

The strange and complicated case of the Gingles girl who was charged with stealing \$30 worth of lace and who set up defence that she was bound and held for a life of degradation as a "white slave," has come to an end with a kind of Scotch verdict of "not guilty, but don't do it again."

CHICAGO, July 20.—There will be no grand jury action following the two-edged verdict returned last night by the jury in the case of Ella Gingles, accused of stealing \$30 worth of lace from Miss Agnes Barrette.

The verdict pronounced the girl not guilty of larceny, but added that her charges connecting Miss Barrette with "white slavery" were unfounded and untrue.

The attorneys for both sides are smiling and happy today.

Miss Gingles stated this morning that "she would tell her story again to the grand jury"—intimating that indictments would be sought—but State's Attorney Wayman declared, "All I want Miss Gingles to do is to stay away from the criminal court building. She has been found unworthy of credit." The state's attorney proposes to drop the whole "nasty mess" declaring the case has been "the laughing stock of the lawyers of the country because of the absurd defense which was made."

The jury's verdict in effect supports the state's contention that the whole horrible story of being bound and gagged by agents of the "white slavers" as told by the girl was a figment of her imagination which had absolutely no foundation in fact.

Miss Gingles spent the night at the home of one of the many club women who have defended her. Her club women friends declare that the case is not yet at an end, but it is very likely that the last has been heard of it.

The cost of the case was \$10,000. Miss Gingles is going back to the little hamlet in the northern part of Ireland where she was born. This was the announcement by her attorney, P. H. O'Donnell. O'Donnell said it had not yet been definitely settled when the girl will be sent to Ireland.

"I want her well cared for," he said, "and with her own people she will soon forget some of her terrible experiences and live a happier life."

Miss Gingles was asked today if she intended to go on the stage but she indignantly denied it. "I wouldn't think of it," she replied. "I have not received any offers and I don't want any. I would not listen to a stage offer for a moment."

INTENSE INTEREST IN SUTTON INQUIRY WITNESS IS RILED

Lieut Adams Quizzed About Bitter Fight With Sutton—Examination Irritates Him

SUTTON'S SISTER IN COURT

Case Is Exciting Great Interest in Naval Circles and May be Extended

ANNAPOLIS, Md., July 20.—There was an air of expectancy in the court room when Davis led up to the purported interview with Mrs. Parker in the Sutton inquiry.

When asked as to the circumstances of the interview Adams flushed and denied most of the statements attributed to him.

Osterman said after Adams left the barracks and went to the scene of the trouble he and Osterman went to the camp.

Osterman said after this Adams left the barracks, Adams went to the scene of the trouble and he and Osterman went to the camp. "I heard some shots," he said, "and ran down toward the place. I saw Roelker lying on one side of the road and Sutton lying on the other. Lieutenant Adams and Bevin were standing over Sutton. Someone said: 'Sutton shot Roelker and shot himself.' I went over to where Roelker was lying and helped him up and went to the hospital."

During his examination by Major General Lord, Osterman said he once saw Sutton trying to make officers dance by firing a revolver at their feet. Sutton was unpopular with the officers, he declared, but said he had never heard Sutton threaten Adams.

Heatedly and with flushed face, Lieutenant Robt. E. Adams today denied before the court of inquiry investigating the death of Lieutenant James N. Sutton that he ever made any admissions to Mrs. Rose Sutton-Parker, the dead officer's sister, involving himself in the tragedy.

"I don't remember," or "it is not true," Adams reiterated time and again as Attorney Davis, with Mrs. Parker's memorandum of the alleged interview before him, sought to get him to admit that he had described to her how unmercifully Sutton had been beaten by himself and other officers during the fight that preceded the young man's death.

"I tell you I did not tell Mrs. Parker anything except to go to the records," said Adams finally, with evident anger.

"What's the use of asking me all these little details when I have told you that I made no admissions at all?"

The memorandum which Davis held declared that, among other things Adams had told Parker that he hated Sutton and had ground his

The little horseshoe on Safford's grip seems to have the desired effect. La Crosse taking the game yesterday by the generous score of 7 to 2.

Pfeffer was on the hill for the Outcasts and with the exception of being a trifle wild in two innings, pitched gift edged ball, allowing 10 Puffs but four scattered hits.

"Smiley" Schroeder looked as if he were going after a strike-out record, having retired six men by that route in the first three innings.

The locals fell on him hard in the fifth, getting four hits which netted them three runs. Kline got another triple and Malloy a double which aided materially in the run getting.

The visitors started the scoring in the first inning. Kick, who is now playing short, getting to first on an error by Wilhelm, who tossed the sphere over first sacker Letcher's head. When the ball was recovered "Rabbit" was on second. Schoonhoven sacrificed him to third, and Wallace drew a base on balls, but expired trying to piff second. Bailey poled out a two bagger scoring Kick. Benrud struck out.

Malloy opened up by striking out, but Wilhelm hit safely to center, and Kline followed with a hit to right. Our new acquisition, Letcher, struck out. Safford hit to the sun garden, scoring "Bunny" and Kline. Roy Klein struck out.

In the fifth "Dusky" Kraher was out, Caldwell to Kading. Pfeffer got a hit to center and Malloy followed with a two bagger, putting Kraher on third. On a passed ball, scoring Safford hit to the sun garden, scoring "Bunny" and Kline. Roy Klein struck out.

In the fifth "Dusky" Kraher was out, Caldwell to Kading. Pfeffer got a hit to center and Malloy followed with a two bagger, putting Kraher on third. On a passed ball, scoring Safford hit to the sun garden, scoring "Bunny" and Kline. Roy Klein struck out.

In the seventh Pfeffer was unable to locate the plate, although the umpire's decisions were questionable at times. Kading was out, Pfeffer to Letcher. Hodgins was hit by a pitched ball. Schroeder and Kick drew free passes to first and when Schoonhoven batted a grounder to Schriner, Hodgins scored. "Smiley" was out on a forced run to third, and Wallace fled out to Safford.

Eddie Kline opened the eighth round by getting to first on an error by Kading, and Letcher beat out a bunt to the pitcher, advancing Eddie to second. Safford scored the two men on a hit to the sun garden. Roy Klein was out, Schroeder to Kading. Schriner struck out and Kraher was thrown out at first by Schoonhoven. Score of the game:

NOTES OF THE DIAMOND.
Safford made two pretty running catches in the eighth inning which looked like certain hits.
Wallace robbed Pfeffer of what looked like a good two bagger in the seventh inning by a long running catch in the sun garden.
Letcher struck out three times and beat out a bunt in the game yesterday. He accepted every chance without an error, however.
Hodgins, the new catcher of the Cream Puffs, was a little wild in his throws to second.
The usual crowd of fans, numbering about 100, were present yesterday. It needs to be braced up considerably.
Kick, who is playing shortstop while Breyette is out of the game, handles the position well and covers lots of ground.
Ollie Anderson, the umpire, eeps the game moving and no wrangling is seen where he is officiating.

DRESBACH DEFEATS NORTH SIDE TEAM
The Dakota and Dresbach team met the North La Crosse team on the Dresbach diamond in a closely contested game Sunday afternoon. It was a pitchers' battle up to the fifth inning, when La Crosse succeeded in crossing over the plate. E. Harrington was on the slab eight innings for the locals, and pitched elegant ball, holding the visitors down to one hit.
Manager School played an errorless game behind the bat, never allowing a man to steal a base. The rest of the team gave fine support and held the visitors down to four runs. Larson was on the mound for La Crosse and did not allow a man to cross the plate until the fifth inning. His support was good but the locals got to finding him in the latter part of the game and pounded him for five runs. Score: Dakota and Dresbach, 5; La Crosse, 4. Batteries: La Crosse, Larson and Weight; Dakota, Harrington, Luther and School.
The Dakota and Dresbach team will play the Stamp and Tool company team of La Crosse at La Crosse Saturday afternoon. Sunday afternoon they will play the Colored Gophers of Richmond Ridge at Dakota.

The Cleveland Americans and Boston broke even, Cleveland winning the first 5 to 1 and Boston the second 8 to 2. Cleveland won the first game easily. Young outpitching Chech. Collins, a college pitcher, replaced Chech and did good work. Ball's playing was a decided feature. He made an unassisted triple play in the second inning, and when he came to bat in the same inning he hit a home run to deep center. He had three more putouts than either the first baseman or catcher. The second game was easy for Boston, errors by Bradley, Stovall and Perring allowing Boston to score seven runs in the second and third innings. Four runs were made in the third without the semblance of a hit.

Philadelphia won yesterday's game by scoring twice in the ninth inning, making the count 4 to 3. Davis' home run to the scoreboard was the longest drive of the St. Louis season. It tied the score. Then Stone lost Baker's fly in the sun, giving the batter two bases, and Thomas' single sent him home.
New York took the third game of the series from Detroit in a free hitting game. Lelivelt, the recruit secured from the Mobile Southern league club, pitched his first game for the Tigers and would probably have won but for the errors behind him.
Chicago defeated Washington, 12 to 2, in a poorly played game.
The New York Nationals and St. Louis divided a doubleheader yesterday. The first game went 16 in-

If you think your hair is worth saving, learn now about Woodbury's Combination Hair and Scalp Treatment. It is the only Treatment which overcomes ALL hair enemies.

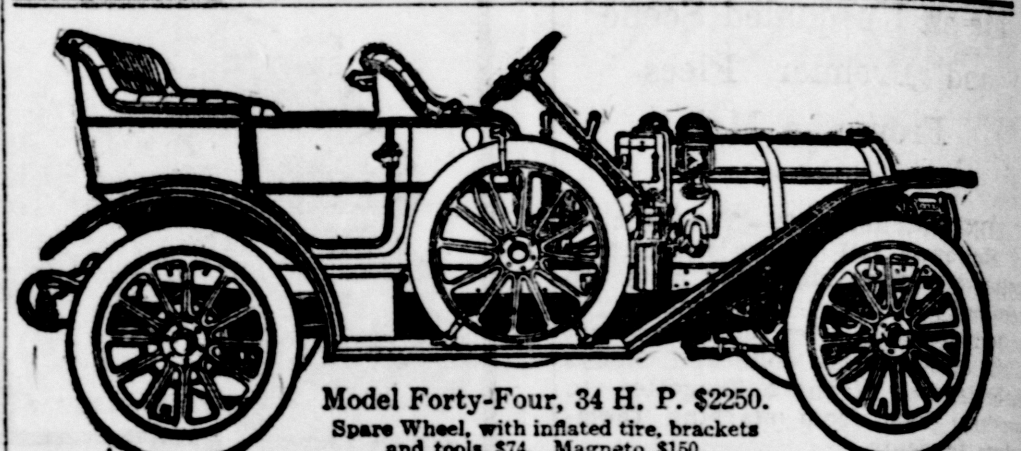

Just think what vast experience the Woodbury Specialists have had. Every year for a third of a century many thousands of cases of hair and scalp troubles were treated and cured by them. No staff of physicians anywhere in the world has had equal experience.

And Woodbury's Combination Hair and Scalp Treatment was used during all this time only at the offices of the Woodbury Institute. Now it is prepared for use at your own home.

Get this treatment to-day. Every day's delay makes your hair troubles more difficult to overcome. More hair roots become lifeless every day bringing the day of baldness nearer.

Three time-proved preparations in the combination. All sizes—25c.—50c.—\$1.00. All druggists.

LAUNDRY AWNING IS BURNED

Girls Throws Burning Pa-
per Out of Window and
Small Fire
Results

"Chip" Island across Black river from the north side, is burning and creating a smoke nuisance nearly equal to that of Isle la Plume south of the city.

The island has been burning for about two weeks and at the present time there seems to be no way of obtaining relief from the smoke which pours over to the north side when the wind is from the west.

The island is a product of the lumber industry which at one time flourished on Black river, and is composed of chips, edgings and the remains of old logs and cast of lumber. The blaze has worked its way deep into the island in such a manner that it is impossible for the firemen to get at it with their ordinary apparatus.

Fire in Laundry

The north side laundry was again visited by a small blaze this morning, the awning being completely destroyed.

One of the young ladies employed on the second floor of the establishment after lighting the polishing machine about 9:30 o'clock this morning with a blazing paper, threw the light out the window. Her attention was called to the fact that it might have set fire to something and when one of the workmen on the first floor looked out the door he discovered that the awning was ablaze. With the aid of several of the men from the nearby fire station, the crew at the laundry extinguished the fire with several buckets of water. The awning is a complete loss although but about one-half of it burned.

MANY WANT LOTS
ON MILL STREET

Results of Agitation For
Beautification Already
Noticeable on the North
Side

That great interest is being taken in the cleaning up of Mill street, and that it is very desirable residence property was shown yesterday when several parties made application to one of the leading north side merchants for the purpose of some of the lots bordering on this street.

Beyond the painting of several of the houses and store buildings nothing has, as yet, been done for the actual improvement of this section. The people of the north side are showing their enthusiasm about the proposed cleaning up and have expressed their willingness to help the project along, to the extent of purchasing several of the old shacks, and removing them to make room for larger and more beautiful dwelling places.

Chairman Rev. Ambrose Mprphy left the city last night to be gone for some time, but one of the members of the committee stated that the remainder of the men appointed to investigate the matter, did not propose to let it "slide" because the chairman had left. It is understood that many of the walks on the street are in very bad condition and an effort will be made to have them condemned.

The relaying of brick between the street car tracks, by a crew of the city employees was finished today, and Mill street is again in a fit condition for heavy traffic.

A. Pfeiffer, of 824 Rose street.

Mrs. Hughes, formerly of La Crosse, but now of Chicago, is visiting friends in the city.

CONFESSION TO BREAK
UP "BLACK HAND"

CHICAGO, July 20.—A raid on the headquarters of every blackhand gang in Chicago will be made by the police within the next few days following the confession of Tony Baffa, 18, revealing how Giuseppe Fillipelli was murdered, and disclosing the inner secrets of the blackhand.

Immediately after Baffa's confession, the detectives arrested Antonio Pasquale, Ernesto Ferres and Giuseppe Car, and all are held today under indictment on charge of murder. A fourth man mentioned by Baffa as being a member of the gang is Raphaelo Nudo. The police have not yet located him and it is reported that he is in Pittsburgh. The Pittsburgh police have been asked to arrest him.

The police declare that half a dozen other Chicago Italians are involved in the alleged murder plot and that more arrests will follow as quickly as the men are rounded up. Detective Gabriel Longabardi, chief of the "blackhand squad," believes

WOMAN DOOMED AS
TYPHOID DANGER

NEW YORK, July 20.—"A few shall goin shrdlu gndered .u4 sh more years of this kind of life and I shall go insane. I have committed no crime and even if I had, I should be given the reasonable doubt that is given a murderer. Yet, innocent of any crime whatever, I am doomed to be a prisoner for life. I shall continue my fight for freedom to the end," declared Mary Mallon.

As Mary Mallon no one in New York remembers her but as "Typhoid" Mary she is known by reputation.

The health department declares that while immune from the disease herself she is a walking incubator for typhoid germs and that wherever she goes an epidemic of typhoid follows. Wherefore she was locked up in the pest house on North Brothers Island and the courts have recently declared she cannot be liberated. She has been there for two and a half years. Before being sent to the island she was a cook and the health officials declare she spread typhoid wherever she worked.

The woman claims she has been examined by specialists who declare she is not a "walking typhoid germ incubator."

The less famous a man is the easier it is for him to dodge his creditors.

BLOOD KILLS GERMS
Good Blood Made by Good Food

If one can surely turn food into good red blood it will combat and conquer disease more times than disease will win.

Any physician knows that good blood and plenty of it is the best germicide known and surely and safely cure disease when medicines fail.

One of the many illustrations, is that of tuberculosis, which refuses to yield to medicine but must give way to good blood. A man from Philadelphia writes:

"I have been fighting tuberculosis for some years, and with a weak stomach was losing ground slowly every year. I had tried many kinds of medicine without relief, and finally got so that my stomach, liver, kidneys, bowels and lungs were affected. My stomach would retain no food but peptonized milk and I was down to 90 lbs. in weight. The doctors said about two years ago that I had but a month or two to live.

About that time I was put on Grape-Nuts and cream. It agreed from the start and in a few days I began to feel increased strength, so I kept on, with the result that the healthy blood has driven the disease from every organ of my body except the lungs and is slowly driving it from them.

I have gained greatly in vitality and strength and added 29 lbs. to my weight. If I can keep on as I have been, it seems clear that I will get entirely well, thanks to old Dame Nature whose work was made possible by Grape-Nuts food which I could digest." "There's a Reason."

EXCELLENT BILL AT THE AIRDOME

Two monster houses welcomed the new show at the big Airdome last evening and it proved to be a show well worth the glad hand. Miss Agnes Edmunds had the unpleasant duty of opening the show, and she did it with such vim and vigor that she scored a decided hit with the vaudevilleans right from the start. Her imitation of Fay Templeton in Forty-five minutes from Broadway was such a success that it was hard to believe that it was not Miss Templeton herself.

Selections on the banjo and mandolin were heard when the Siegels made their bow to the audience and they readily convinced the audience that they are masters of both the mandolin and banjo. Mr. Siegels rendition of Morning, Noon and Night being enormous. The instruments fairly talk when in the hands of the Siegels. They responded to many encores.
Mr. Earl Raymond rendered the illustrated song, "Two Little Sailor Boys" in splendid voice. Frank Odell and Rose Kinley offer all the program announces, comedy, skillful and novel dancing, and a great deal more. The like of this act has never been seen in La Crosse before. Their comedy was of the kind that they couldn't give more of their clever work. The performance closed with the interesting subject, "The wire tappers."

STEEL CAR STRIKE MAY END TODAY

BUTLER, Pa., July 20.—In spite of the olive branch extended by Manager Allman this morning to the effect that the doors of the Standard Steel Car plant and of its subsidiaries were open for the strikers if they cared to enter, the plants continue idle. A conciliatory spirit is manifested on both sides as a result of which it is not unlikely that by late this afternoon the strike may be declared off and work resumed.

Governor's Day Tomorrow.
The work today will be the completion of the fixed distance firing by the Third battalion and the Tenth separate battalion in the morning, and practice in extended order by all battalions in the afternoon.
Gov. Davidson has announced tomorrow as the day he will inspect the troops in camp and that will be the big day.
Stronger Than Ever.
The third battalion can certainly add several more to the thirty-three who have already qualified, so that the Third regiment will have the strongest rifle class in years. P. J. Comer of Mauston, a former sergeant of the Third regiment, who was a visitor in camp, in a trial of the new Springfield rifle, came near equalling the range record of 134, making 132 without practice. Comer has been a member of every state team up to last year, when he dropped out of the regiment. Private Klinge was high man on the day shooting, his high score being 133. The twelve high in two battalions with their scores are as follows:
Private Klinge, company B133
Sergeant Jackson, company A129
Capt. Abraham, company G127
Lieut. Lucas, company G126
Private Pehunken, company D126
Corporal Petrie, company D126
Sergeant Mossberg, company D126
Private Lombard, company K126
Private Perry, company K126
Lieut. Fowler, company M126
Private Organ, company K125
Lieut. Hunsriker, company A125
Those Who Qualified
Those of the first and second battalions who qualified, exclusive of distinguished marksmen, are as follows:
Private Klinge, Co. B133
Sergeant Jackson, Co. A129
Lieut. Lucas, Co. G127
Corporal Petrie, Co. D126
Sergeant Mossberg, Co. D126
Lieut. Huntzicker, Co. A125

UNCLE SAM TURNS BACK RICH COUPLE

NEW YORK, July 20.—Mrs. Frances Richert, young, beautiful, refined and apparently rich, who says she is a widow from Mexico City, and Jose Gomez, an artist, are en route to Cherbourg, on orders deporting them from Ellis Island. They arrived last week on the New York. Mrs. Richert was traveling under the name of Mrs. Francis Levy. Her close friendship for Gomez on the steamer led to talk and they were held at Ellis Island. Mrs. Richert admitted Gomez was her cousin and that they intended being married. Gomez had only \$20 in money, but had \$2,000 worth of diamonds. Nevertheless they were deported. They declare they will marry in Europe and return at once to America.

WANT LA CROSSE TO SEND DELEGATION

A delegation of Preston residents called on Secretary Calvert of the Manufacturers' and Jobbers' association, and Secretary Utermoehl of the board of trade, Monday afternoon with the request that La Crosse business men run an excursion of Preston during the Preston homecoming celebration, which is to be held from Aug. 31 to Sept. 3. The Preston men would like to have the excursion run on Friday, Sept. 3, that day to be set aside as La Crosse day.

The delegation was headed by the mayor of Preston, W. A. Thompson, and included the following citizens of Preston: C. Knehe, G. D. Moore, M. R. Cluss, T. Churchill, I. S. Griffin, J. Maust, J. Kumm, Fred Read, F. J. Hatch, W. Newman, J. M. Turck, G. A. Kerr and Val Elshelmer.

MILLIONAIRE ELOPES WITH WAITRESS

NORWICH, Conn., July 20.—A romance of the parlor and the kitchen has ended in the court. When Wm. Henry Jennings, a society man, sportsman and bon vivant, eloped with Bridget A. Collins, a pretty waitress in the Chetucket house, society sat back and awaited results. Mrs. Jennings has entered suit against her millionaire husband for \$50,000.

BATTLESHIP TESTED

Washington, July 20.—The battleship Michigan, the first all-big-gun warship to be launched by the United States, resumed her trials today off the Delaware capes. She has been repaired and will, it is expected, complete her tests without trouble. Captain Usher is in command.

HOME TESTING

A Sure and Easy Test on Coffee.

To decide the all important question of coffee, whether or not it is really the hidden cause of physical ails and approaching fixed disease, one should make a test of 10 days by leaving off coffee entirely and using well-made Postum.

If relief follows you may know to a certainty that coffee has been your vicious enemy. Of course you can take it back to your heart again, if you like to keep sick.

A lady says: "I had suffered with stomach trouble, nervousness and terrible sick headaches ever since I was a little child, for my people were always great coffee drinkers and let us children have all we wanted. I got so I thought I could not live without coffee but I would not acknowledge that it caused my suffering."

"Then I read so many articles about Postum that I decided to give it a fair trial. I had not used it two weeks in place of coffee until I began to feel like a different person. The headaches and nervousness disappeared and whereas I used to be sick two or three days out of a week while drinking coffee I am now well and strong and sturdy seven days a week, thanks to Postum."

"I had been using Postum three months and had never been sick a day when I thought I would experiment and see if it really was coffee that caused the trouble, so I began to drink coffee again and inside of a week I had a sick spell. I was so ill I was soon convinced that coffee was the cause of all my misery and I went back to Postum with the result that I was soon well and strong again and determined to stick to Postum and leave coffee alone in the future."

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

CLASH OF CHURCH AND FRENCH GOV'T.

Cardinal Prosecuted for Breach of Civil Law—Widespread Feeling May Lead to Crisis

PARIS, July 20.—The prosecution by the French government of Cardinal Andrieu, archbishop of Bordeaux, promises the most serious consequences. The action taken against Cardinal Andrieu has renewed the unrest of the Catholics which slept for a time and the cardinal is in receipt of a huge batch of letters from bishops and other church dignitaries congratulating him upon his stand.

At the time Cardinal Andrieu took charge of affairs at Bordeaux he severely criticized the French and church laws and urged the priests and people in his diocese to disobey them when they were antagonistic to the liberties of the church. This action was a breach of the civil law of 1906, promulgated by the opponents of the church at the time of the abrogation of the concordat.

Because of his annoyances Cardinal Andrieu was summoned before the civil courts but he refused to appear for trial and judgment was taken against him by default. Several Bayonne church men and the archbishop Dauch were also fined.

These and other minor affairs of church and government have stirred religious France as she has not been stirred since the religious controversies of 1906.

The churchmen are convinced that a crisis is at hand and the only means of fighting the civil authorities is to follow the example of Cardinal Andrieu.

"It cured me," or "it saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures.

ANNOUNCEMENTS ARE MADE FOR NORMAL

No catalogue of the new La Crosse Normal school will be issued this year, but to take the place of this a series of three announcements have been prepared which will be scattered broadcast through the territory of the school.

The first announcement was issued June 15, the second has just come from the press and the third will be published August 15. According to the announcements the following courses will be offered:

Courses of Instruction.
An elementary course—two and one-half years, for common school graduates. Completion of this course gives the student a certificate which entitles the holder to secure from the state superintendent a license to teach in any of the common schools for one year. When endorsed by the state superintendent, this certificate is equivalent to a limited state certificate for five years.

A two-year English course for high school graduates. Completion of this course gives the student a certificate which entitles the holder to secure from the state superintendent a license to teach in any of the common schools for one year. When endorsed by the state superintendent, this certificate is equivalent to a life state certificate.

A four-year English course, for common school graduates. Completion of this course gives the student a certificate which entitles the holder to secure from the state superintendent a license to teach in any of the common schools for one year. When endorsed by the state superintendent, this certificate is equivalent to a life state certificate.

A two-year Latin or German course, for high school graduates. Completion of this course carries the life license feature also.

A four-year Latin or German course leading to life license.

A two-year college course, for high school graduates. This prepares students for teaching in the grades and high schools and also entitles the graduates to Junior standing in the colleges and universities. This should be an especially attractive feature of the school to all, to high school graduates, and to teachers and others in this section of the state who contemplate a thorough preparation for teaching in the high schools of Wisconsin. Most welcome to the young men and women of La Crosse and vicinity will be this opportunity of two years' college training. This course leads to life license also.

A two-year country school course, for common school and high school graduates, for the training of teachers for the country schools. This is an unusually important course. It carries the license feature also.

JUDGE DISAPPEARS

KENOSHA, Wis., July 20.—Judge Joseph W. Clarkson, who disappeared from Kenosha mysteriously is believed to be lost in the northern suburbs of Chicago and it now appears certain that he has wandered away in a second attack of aphasia, such as he suffered at Omaha eighteen years ago. It was learned by private detectives today that a man answering his description was seen at Glenview the morning after his disappearance and a couple of hours later on the same day a similar man walked into a drug store at Highland Park to get a drink of soda water.

HEALTH, WEIGHT AND STRENGTH

Can Be Regained by the Tonic Treatment as this Wisconsin Woman Shows.

When the body becomes run down, either as a result of overwork, worry or a severe illness, an examination of the blood would show it to be weak and watery. This condition is called anemia, which is the medical term for "bloodless." The common symptoms are paleness of the lips, gums and cheeks, shortness of breath and palpitation of the heart after the slightest exertion, dull eyes and loss of appetite. Anemia itself is a dangerous disease and it may gradually pass into consumption. It must be cured by treating its cause, which is the poor condition of the blood. The vital fluid must be made strong and healthy thereby enabling it to carry the necessary nourishment to every tissue of the body.

Mrs. George Stearns, of R. F. D. No. 2, Junction City, Wis., says:

"I was sick for two years after the birth of my child. I was very thin, all run down, had no color and could not get around without great effort. I had to eat very light food as my stomach was weak. There was a severe pain across my lungs all the time, my eyes were sunken and my people thought I would die. My blood was turning to water and I was greatly reduced in weight. I could not get a good night's rest."

"I was treated by four doctors, all of whom thought I was in the first stages of consumption. They did not seem to help me and I grew worse. I became so discouraged with the doctors that I just quit them and bought a box of Dr. Williams' Pink Pills. The pills were recommended to me by a friend. When I had taken them a month, I was so much improved that I could eat a hearty meal and the pains across my chest had disappeared. I took the pills for some time and became real strong and have been well since. Everyone tells me I never looked healthier and I feel as well as I look. We live on a large farm and I work hard yet feel well. I cannot praise Dr. Williams' Pink Pills enough."

Our booklet, "Diseases of the Blood," is free on request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

BRITISH STATESMAN CHAMBERLAIN DYING

(Continued from page 1.)

that Chamberlain's condition is critical. His death, it is said today, is expected at any moment.

Joseph Chamberlain figured for a quarter of a century as one of the most brilliant of British statesmen. His early career was meteoric. Head of a great manufacturing firm, of screw nails in Birmingham, he possessed the fortune which enabled him to enter politics in England. With the famous John Bright he represented the town of Birmingham in parliament for many years and was the leader of the unionist party, which split from Gladstone's government in the Irish home rule bill. His talents marked him as a coming premier, but he has been in falling health for a number of years. He was born in July, 1836.

gettes from reaching him with their petition.

Couldn't Reach Balloon

But the police, being without a handy balloon could not touch the suffragettes who hurled down thousands of posters. The premier was rattled so badly that the ceremonies were cut short while Asquith gathered his long coat about him and holding tight to his high hat, fled to shelter from the lady suffragettes.

Today's affair coupled with the announcement that the suffragettes already in jail would starve themselves to death rather than to eat in prison has caused a nation wide sensation and the fact that the suffragettes broke up the ceremonies owing to the unveiling of the monument has lost them many friends who believe they should have chosen some other occasion to attack the premier.

GLIDDEN PARTY AT FORT DODGE

FORT DODGE, Iowa, July 20.—The Glidden tour pathfinder which left Mankato this morning, arrived at Fort Dodge at noon. It reports the roads good to Elmore, Minn., but rough and dry to Fort Dodge.

The pacemaker, carrying F. B. Hower, arrived at 12:30. The others followed closely. Fast time was made during the run today, six hours, 57 minutes, being taken by a class A car; 7 hours and 7 minutes for class B; 7 hours, 30 minutes, for class C; and 8 hours for class D and 8 hours 10 minutes for class F.

AUTO NEARLY KILLS GIRL

CHICAGO, July 20.—The police of Hammond, Ind., are searching for the chauffeur of a black touring car who seriously injured a girl. She was run down and dragged fifteen feet by the touring car near Hammond last night and then left unconscious on the side of the road. The girl is Hulda Soltweide. She is in a critical condition at a Hammond hospital.

STOCK INCREASED.

NEW YORK, July 20.—The stockholders of the Delaware, Lackawanna and Western railroad at a special meeting approved an increase in the capital stock of the road of \$3,607,000 and the declaration of a stock dividend of 5 per cent payable August 2, to stock of record on July 15, as adopted by the directors recently.

INTENSE INTEREST SUTTON INQUIRY BIG FIGHT STORY

(Continued from page 1.)

head in the dirt during the fight.

Was Warned Against Mrs. Parker

Once when Adams stopped in his denials long enough to say that when Mrs. Parker came to Annapolis on her detective mission he was warned to be on his guard, that she looked like a shrewd woman, everybody laughed heartily and smiles appeared for the first time on the faces of Mrs. Sutton and Mrs. Parker.

"Did Mrs. Parker ask you at the outset to tell her the truth?" questioned Attorney Davis.

"Yes, I believe she did," answered the witness.

"Then you referred to the records?"

"Yes."

"Then you went ahead and made a statement, did you not, and—"

Adams, his face reddening, jerked out, "I did not," before Davis could finish the question.

"Did you say to her that Sutton used abusive language to you in the automobile that night?" he was asked.

"I don't remember," said the witness.

"What do you mean by 'I don't remember'?"

"I just mean that I don't remember; that's all I'm saying."

"You did not tell her that when Osterman and Sutton were fighting that Uttley separated them?"

"I don't remember."

"Don't you remember Mrs. Parker asking you if you did not feel badly about beating her brother after you knew he was dead?"

"I don't remember."

Witness Gets Impatient

"You did not tell Mrs. Parker that you were so infuriated you did not know what you were doing and did not care that somebody had to pull you off his prostrate body; that you were beating him and had your hand under his throat. You did not tell her that?"

"I don't remember," said Adams, growing more and more impatient.

"And you don't remember that you told Mrs. Parker you would not have stopped beating Sutton if somebody had not kicked you in the ribs and told you not to hit a man who was down?" continued Davis.

Adams again professed to have no recollection of the statement.

After more than five hours on the stand Adams was allowed a temporary respite, and Lieut. Osterman, also a participant in the fight of Oct. 13, 1908, was called shortly before the noon recess and gave his version of the tragedy.

SMUGGLES BOOKS TO RUSSIAN POOR

(Continued from page 1.)

press. They are distributed secretly among the poorer classes, or in other words, among most of the people, for a greater part of the inhabitants of Russia are very poor.

"When I return from the United States to England each year I stop at the colony, pack up several hundred books and smuggle them into Russia when I go to my company's office in Novgorod. These publications are not anarchistic. In them is printed nothing about the czar or the government of Russia. They merely tell of the progress of the United States, England, France and Germany. The purpose is to elevate the peasants by these publications."

"The smuggling of these books is carried on by natives who stand as I do—those who have traveled and are respected by the authorities, even though a greater part of their time is spent outside of the country. The peasants of Russia have a greater respect for the United States than any other country in the world, and while the educational colony is located in England, most of the matter printed is relative to this country."

"The Russian colony in England was originated by a former sweetheart of the czar and a famous general who was driven from the country during the revolution. These two are at the head of the educational colony and devote all of their time to it."

Spends Life Selling Furs.

Mr. Lichterman represents one of the largest concerns in the world that imports furs to America. He started in the fur business twenty-five years ago and during the first fifteen years received but a few dollars for his work.

He has sold furs to many of America's foremost financiers. Mr. Lichterman's line consists of tiger, polar bear, lion, silver bear, leopard, sable and seal skins. The furs are imported into this country in the rough and made into rugs, coats and lap robes in the New York branch of his firm.

"I attended a meeting of the tariff commission in Washington," added Mr. Lichterman. "Rough furs are now imported into this country without duty. Congress proposes a duty of 35 per cent on rough furs and 70 per cent on made up furs. Every fur importing establishment in the country was represented at the meeting and tried to convince the men on the committee that lion, sable, seal and silver and polar bear skins should not be protected, since none of these animals are found in this country."

GRAND TRUNK MEN ON STRIKE

WINNIPEG, Man., July 20.—A board of conciliation is in session here in an effort to settle the dispute between the Grand Trunk Pacific railway and operating employees on 1,000 miles of its lines west from Winnipeg to Edmonton, Alberta. The board will remain in session all week.

ANOTHER BIG STRIKE ENDED

Everybody rejoiced to learn that at the recent greet street car strike in one of our large cities had been satisfactorily settled after being submitted to a board of arbitration. Persons well informed in such matters, claim that nearly all strikes could be avoided if the same common sense plan was adopted. There is one strike, however, that must be settled in a different manner and it is "the stomach." When this important organ goes on a "strike" either from overwork or neglect, it must be "settled" at once or you're going to be seriously ill. Get a bottle of Hostetter's Stomach Bitters today and let it tone and strengthen the entire "inner man" and thus prevent Flatulency, Headache, Sour Stomach, Indigestion, Dyspepsia, Costiveness, Cramps, Diarrhoea, Malaria, Fever and Ague. It is absolutely pure and reliable.

S.S.S. SKIN DISEASES CURES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter, it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin diseases. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled into the sensitive membranous flesh lying just beneath the outer covering and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood, goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe, they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. S. S. S. on Skin Diseases and any medical advice free to all who write.

BOY KING MANUEL TO MARRY PRINCESS

Lisbon, Portugal, July 20.—The official government organ El Liberal today announces the engagement of King Manuel and Princess Alexandra, eldest daughter of the Duke of Fife.

King Manuel of Portugal, the boy king who succeeded to the throne following the assassination of his father and elder brother by revolutionists two years ago, is 20 years old. His fiancée, the English Princess, is 18.

During the two years of his reign King Manuel has been struggling to keep the Portuguese nation quiet. The tragic end of his father's reign and the peculiar circumstances by which he came into power had left the Portuguese in a state of turmoil. The king has been unable up to this time to secure a permanent cabinet and the foreign relations of Portugal have been neglected.

With his condition of affairs Portuguese statesmen have urged the young king to make a strong alliance with the daughter of one of the most powerful European houses.

Overtures looking toward a union with the princess Alexandra have been rumored repeatedly but today's announcement is the first definite information made public.

Princess Alexandra, Victoria Alberta Edwina Louise is the eldest daughter of the duke of Fife and the Princess Louise, second daughter of King Edward of England. She is a most attractive woman. It is expected that the wedding will result in a closer alliance between Portugal and England and the establishment of a stable administration in Portugal

Way above them all. Its popularity has ever risen since first it saw the light of printer's day. No magazine excels it, no magazine even approaches it, in literary merit, in artistic illustrations, or in excellence of the publisher's art. For twenty years it has gone into the same homes uninterruptedly. It was the first to blaze the way for a 35-cent magazine to be sold for 15 cents. Its price remains the same to-day, but its quality surpasses the 35-cent publications. Never has the number of the paid-in-advance subscribers been approached—much less equaled—which shows that its readers do not buy it on the newsstands occasionally in order to read only certain articles, but they want it regularly that they may read all of its contents every month.

MILWAUKEE, July 20.—Milwaukee fight fans got their first glimpse of James J. Jeffries Sunday afternoon. Forty-two hundred of them, all hungering for a sight of the big fellow in action, went out to Athletic park to see him box six rounds with his sparring partner, Sam Berger. All they saw was a brief session of rope skipping, shadow boxing and abdominal exercises.

But there was no boxing. Orders had been issued from police headquarters that not even a sparring exhibition be allowed, and Jeffries, being a peaceable citizen, and seeing a dozen or more minions of the law waiting for something to start, wisely decided to call it off.

CHICAGO, July 20.—James J. Jeffries and Jack Johnson failed to meet here on Saturday, according to the schedule outlined by their representatives. Jeffries was at the appointed place, but Johnson did not leave his training camp in Indiana until late in the day and said that he would not meet Jeffries.

Jeffries issued a signed statement later in which he said:

"In view of the many conflicting reports regarding my intentions, I will make plans public as follows:

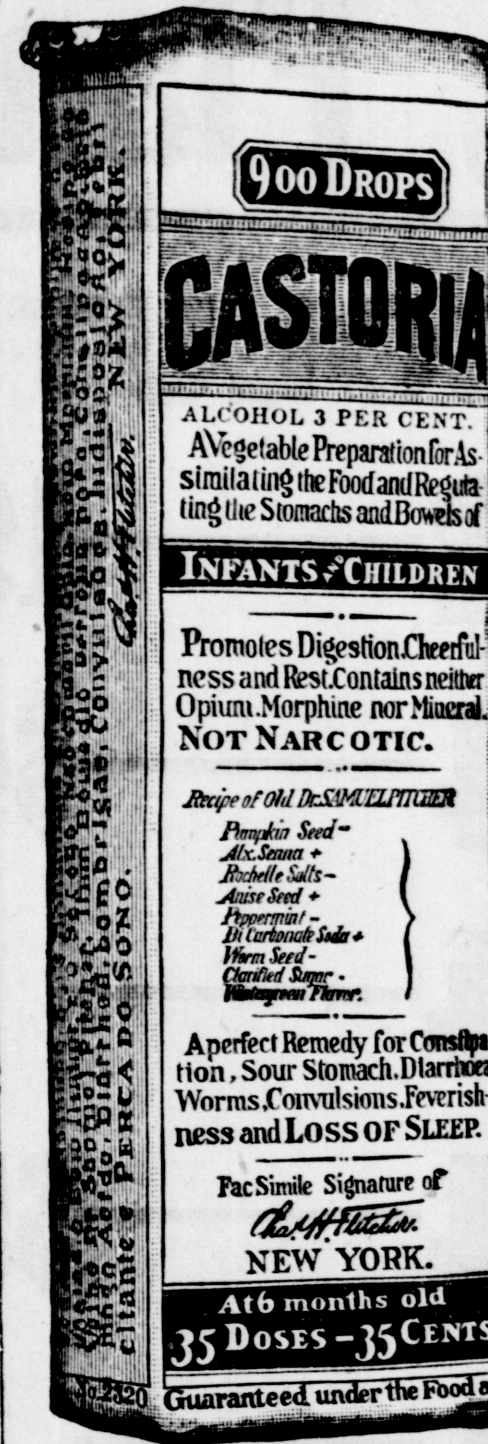

"At the conclusion of my theatrical contract, which will be July 2 I will sail for Europe for a two or three weeks' visit to Carlsbad. Before sailing I will post my forfeit to meet Johnson before the club offering the best inducements and situated to hold the contest.

"Sam Berger, who will act as my pugilistic manager, will remain over here and consider offers for the match and will have all the details in readiness for final signature when I return. I sincerely hope that my action will quiet the doubts of those who have questioned the sincerity of my intentions."

EAU CLAIRE, Wis., July 20.—Final details for the Wisconsin State Federation of Labor, which convenes in Eau Claire on Wednesday, have just been completed by the local trades and labor council.

One of the chief features of the meet will be a huge massmeeting at Union Labor hall Thursday evening, which will be preceded by a torchlight procession, headed by full

for announcement of the contest's progress and further information of interest and value to the contestants in their race. The prize workers are to be cared for at all stages of the contest in the best manner possible with The Tribune's facilities. Information is free. The necessary documents in securing subscriptions are free. The entire contest from the coupon in the paper to the 1909 model automobile and the accompanying list of pianos, diamonds, rings, bracelets and the purses of gold is FREE. Now is the opportune moment to begin. There is no time like the present and no present like the one you will receive in The Tribune's great popularity contest.

Plymouth are operating steadily and will continue, as far as known, throughout the season.

At this time of the year city and county physicians publish their annual letters warning the public to beware of unripe or over-ripe fruit; germ-laden food and water, etc. But of more importance still is to warn people to keep their bowels well open these hot days, and this applies to young and old, but especially to the extreme of ages. To be constipated is to be in danger of germ-infection. Also, it thickens and over-heats the blood, producing sick-headache, loss of appetite, etc.

Instead of trying too soon bowel movement by over-eating yourself with fruit (which is more likely to produce diarrhea than cure the constipation) use **DR. CALDWELL'S SYRUP PEPSIN** once or twice a week before retiring. It will clean out the bowels, tone the stomach and put the blood in good order. This remedy is a vast improvement over salts and purgative waters, tablets, pills, etc., for these are only temporary expedients. **DR. CALDWELL'S SYRUP PEPSIN** is permanent in its effect and contains ingredients that tone and strengthen the body. Its pleasant taste and freedom from griping recommends it to children and old people, who especially need a gentle laxative. Any drug-seller will sell you a bottle for only 50 cents or \$1.00 and guarantee results.

START BRICKLAYING ON SUPERIOR AVENUE

TOMAH, Wis., July 20.—(Special.)—Bricklaying has at last begun on Superior avenue. The gutters are all in, and the street pretty well graded up, so that work ought to go on quite fast. The first brick was laid at about 3 o'clock Friday afternoon, near the C. M. & St. P. depot. Superior avenue will make a pretty fine appearance with its six blocks of plain brick pavement and seven blocks of brick pavement with center boulevards, besides the five blocks of macadam already in. It is estimated that it will take at least 150 carloads of brick to finish the job. It was planned at first to have the whole seven blocks from the library to the depot paved with center boulevard, but the landholders of the business section of the three blocks continuing south of the depot petitioned that those blocks be left plain, which was done. A break is left in the center boulevard east of

the Lutheran church, so that teams can drive through.

Reception for New Pastor.

A reception was given at the Baptist church last Wednesday evening for Rev. and Mrs. Charles C. Colby, new pastor of the Baptist church here. A very pleasing musical program was rendered during the evening, besides a short address by Mr. Colby.

Nurse Weds Patient.

The many friends of Miss Jeanette Olive Walker and Mr. John McGuire were treated to a pleasant surprise on Wednesday last when they announced their intention of going to Minneapolis that night to be married.

Miss Walker was one of the trained nurses at the Tomah hospital, coming here recently from Milwaukee.

Mr. McGuire is a railroad man of Minneapolis, who has been here for some time receiving treatment. He says Miss Walker took such good care of him while he was a patient at the hospital here that he

thought he would reciprocate and take care of her for the rest of their lives.

Tomah Briefs.

Mr. C. S. Tarbox returned home from the west on Thursday last. He expects to go back soon with his son Verne.

Miss Hazel Elwell and her guest Miss Ethel Church of Milwaukee, visited in Camp Douglas Thursday.

Supt. L. M. Compton and family, Thomas McCaul and family, and W. R. McCaul and family went to the ridge Thursday to see the Gladden cars go through.

Miss Ida Miller left Saturday for Cuba City, Wis., to spend a month with relatives there.

Mr. and Mrs. D. F. Miller left Saturday for Waterville, where they expect to spend a week with the Earl family.

Mr. and Mrs. Will Brennan have returned home from their honeymoon.

A large new house is being built by H. B. Vaudelle on the corner lot recently vacated by the steam laun-

dry.

Company K left Saturday morning for Camp Douglas. The boys have made an exceptional record on the Tomah range, and are expected to do some good shooting at camp.

Mrs. Fannie Moll of Flushing, N. Y., is visiting friends here on her way to the Seattle exposition.

Mr. W. R. McCaul and family left Saturday for Waterville.

Mrs. F. O. Elwell, Miss Hazel Elwell and Miss Ethel Church of Milwaukee spent last week at "the Oaks."

Mrs. A. Smith, Mrs. Rob. Schroeder, Cora Finger, Grace Schroeder and Josie Smith were camping at Spring Bank last week.

About 1,000 men are at the Sparta maneuver camp now. We are informed for the benefit of Tomah people who wish to visit the camp, that eastbound train No. 55 which leaves here at 9:27 a. m., and westbound train No. 8 that arrives here at 12:19 p. m., will stop at Raymore.

Conductor W. L. Baker left Tuesday morning to resume his work on

the west extension of the Milwaukee road.

Miss Hazel Squiers is visiting with friends at Augusta.

Stanley Squier was at home with his parents last week.

Mrs. Frank Drew and sister, Mrs. Cornelson, are at Floradell for an outing.

Miss Helen Holtze of Bangor visited the family of Ed A. Heberlein in this city part of last week.

Mrs. Ella Goodyear and family are occupying their summer cottage at Waterville for a few weeks.

Miss Myrtle Logan, who has been doing stenographic work at Sturgis, Mich., is at home for her summer vacation.

Mr. Watson Earle and daughters, Ruby and Mrs. Leon Janin, are enjoying a two weeks' outing at Bonview.

The Tomah Dance orchestra gave a dance at McCaul's hall Friday last. Miss Cora Withers visited at the home of her sister, Mrs. Chas. Stannard, in La Crosse last week.

Harold Mason and sister Ethel ar-

rived Wednesday from Minneapolis, for a visit with their grandparents, Mr. and Mrs. A. E. Hollister.

Mrs. W. C. Fieting and children went to Sheboygan Wednesday for a visit with Mr. and Mrs. Bowler. Mr. Fieting expects to go to Milwaukee and return with them.

Mrs. Holloway of Sparta spent

few days with relatives in this city last week.

Mrs. Waters and daughter of Sparta visited last week with the family of Mrs. W. Burlin.

Summer Diet Now Obtainable at the Grocery and Fruit Stores of La Crosse

Peaches and cream.

This is not a hint for dainty luncheons, but peaches and cream have an indirect effect upon the market at the present time, peaches occupying an exalted position in the list of summer delicacies to be had in La Crosse.

Everything this season of the year affords is offered here, but peaches are receiving a very good share of attention. They are prime now and are arriving daily in large quantities. Every size and quality is offered and the dealers say that the prices are on a very reasonable basis.

Blueberries are new arrivals of the last ten days. The first lots are very choice and the prospects for a good season in the berries seem good. They are quoted at 16 cents a quart. Black and red raspberries are also headliners and currants are in.

The season for strawberries has been brought to a close.

During the next few weeks receipts of raspberries, blueberries and currants will be large and the merry housewives may get busy with their preserving kettles.

Melons in Demand.

California canteloupes are having a considerable vogue, the quality being excellent and the prices reasonable. Water melons are also in excellent demand and receipts are liberal.

A few Bartlett pears are arriving, but the season is still somewhat early for them. Receipts this week will be larger.

Oranges are freely offered, but sales of them are not nearly as large as they were, peaches, cherries and plums having a greater popularity at present. Quotations on oranges remain unchanged.

east are to the effect that importations of bananas have been so large as to cause a slump in the market. It has not been noticeable yet in La Crosse, however. Receipts have been on a steady basis and prices steady and about unchanged.

Green Vegetables.

The market is well supplied with everything in the line of green vegetables, and the season for them is at its height. Tomatoes, cucumbers, green onions, and radishes are arriving in large quantities daily. The prices for them are considered cheap. Celery is another green vegetable which is enjoying a healthy demand at the present time.

Lettuce and parsley are offered in large quantities now and prices are steady and unchanged.

The market for staple vegetables is quiet. The week has seen no new offerings and prices in all lines remain the same as they were last week. Green vegetables are so plentiful, so cheap and so tempting that staple vegetables, except potatoes, are not having any great demand.

Eggs remain very firm. The advance of summer is causing no depression of the market. The buying of eggs for storage will begin soon and no let-up in the general demand is in sight, indicating that only larger receipts than this market is at present enjoying will bring down quotations any.

The market for meat has been very quiet during the past few days. Pork loins and lard are still very high, although they have not advanced any this week. Quotations remain the same as last week. This is true also of beef, mutton and veal.

Fish and poultry show no fluctuations from last week.

Stock Market

NEW YORK, July 20.—With considerable exceptions the stock market opened higher. By the end of the first few minutes C. & O. N. Y. C. U. P. R. I. preferred, Amalgamated and Cotton Oil had established gains of 1-4 to 1 point, being the maximum in the last mentioned stock. The end of ten minutes trading showed General Electric had gained two points.

11 A. M.—Before the end of the first hour a number of advances had been established, including 2-4 in American Cotton Oil, 1-2 in General Electric, 1 in Canadian Pacific and Great Northern preferred and 7-8 in Union Pacific. Other improvements approximating a point were made in Reading, St. Paul, Amalgamated, N. P. Traders began selling again and before 11 o'clock prices had receded 1-2 or more from the best.

Government bonds unchanged; others firm.

Noon—The tone up to the noon hour continued uncertain. The early decline in United States Steel shares, some of the largest traders offered the stock heavily and endeavored to hammer prices all along the line. Support developed, however, which caused a rally to 5-8 in Steel preferred and recovery in both issues. Shortly after midday, the Steel shares, Rock Island, St. Paul, Cotton Oil and C. & O. continued to hold their prices, but Union Pacific, Northern Pacific and Reading and one or two other leading issues averaged below the early higher figures.

2 p. m.—In the afternoon the market showed an undercurrent of strength and gradually, on moderate dealings, prices worked up again. Before the beginning of the final half hour over a dozen prominent issues were approximately at the highest of the day, disclosing net gains of from 1-2 to 2 points.

CHICAGO, July 20.—The wheat market opened 1-8 to 1-4 cent lower. Corn opened steady to 1-8 up, offerings moderate. Oats opened easier.

CHICAGO, July 20.—July wheat, whose meteoric advance last week was followed by as sensational a slump, continues to go down.

Noon—July wheat slumped during the forenoon. Corn was stronger and oats eased off fractionally.

Close—July wheat dropped to \$1.16 1/2, but recovered at the close. Other months closed stronger. Corn and oats closed all higher.

**MOTHER THOUGHT

**Prescott Woman Orders
Coffin Exhumed to As-
ertain if Remains of
Daughter Are in It**

PRESCOTT, Wis., July 20.—The body of Miss Anna Hilderbrandt, who died in the St. Paul city hospital on April 29 last, after an attack of scarlet fever and an operation for appendicitis, and was buried here, was exhumed this morning by Herbert J. Keeler, an undertaker, to re-lieve the mind of the girl's mother, who was under the impression that her daughter had never been buried. The remains were shipped here from St. Paul, after being prepared for burial and because the girl had died of scarlet fever, a contagious disease, the coffin was placed in the ground without being uncovered. After the interment some one told Mrs. Hilderbrandt that her daughter had never been buried, and this statement so preyed upon her mind that her husband finally secured a state permit to exhumate the body. Mr. Hilderbrandt and his daughter Bertha saw the body in the coffin, and the remains were promptly lowered again to the grave.

**REFORMATORY PROBE
IS NOW COMPLETED**

MADISON, Wis., July 20.—The state board of control of charitable and penal institutions will meet at the state prison at Waupun tomorrow. There are forty applications for parole to be heard. The board has finished its hearing of charges against the management of the state reformatory at Green Bay, arising out of the death of John Smith, an inmate. No finding in the case has yet been filed, nor will there be until the board has taken time to go carefully over the testimony, probably not until next week.

**HITS MOTHER-IN-LAW
IN JAW; BREAKS IT**

MILWAUKEE, July 20.—Mrs. L. Pannett, aged 60 years, 423 Burr-street, remonstrated with her son-in-law, Charles Hanke, 812 Pryor street, for beating his wife and received a broken jaw. It was testified that Hanke beat his wife so fiercely on Sunday that she ran to a neighbor's house and begged for help. Her mother was summoned. Hanke knocked her down. She was taken to the Emergency hospital. Hanke was sentenced to six months in the house of correction.

**FASHIONABLE SALOON
HAD NO LICENSE**

FOND DU LAC, Wis., July 20.—Charles Murphy, who was arrested a week ago on complaint of A. H. Zeshel, district superintendent of the Anti-Saloon league, charged with selling liquor in dry territory, pleaded guilty on Monday and paid a fine of 50 and costs. Murphy conducted a saloon at the north end of fashionable Lake De Neve, which is in the town of Empire, a district that went dry.

**SLIDES TO BASE
BOY LOSES LIFE**

LAST OF '39ERS DEAD

MILWAUKEE, Wis., July 20.—Fritz Bruss, the last of the German Lutheran pioneers who settled near Milwaukee in 1839, died at his home at Freistadt yesterday at the age of 91. He was known as one of the German "pilgrim fathers."

**O'BRIEN SIGNS
UMPIRE GUTHRIE**

Umpire E. A. Eckman is connected with the American association no longer. Following the almost continuous protests of fans and critics all over the circuit against Eckman's incompetency, President O'Brien gave the arbiter his unconditional release on Monday, signing in his place W. J. Guthrie, the best umpire of the Wisconsin-Illinois league. Guthrie, who formerly umpired in the Western association, has been watched by O'Brien for two years. This spring O'Brien thought seriously of giving him a contract, but decided on Eckman in his stead, having been impressed with his work in the Central association. Guthrie will report on Tuesday.

**ATTACKS TOURISTS
WITH PITCHFORK**

MANKATO, Minn., July 20.—Plenty of penalizations are expected as the result of today's run by the Glidden tourists which began at 8 a. m. when the cars started for Fort Dodge, Iowa, 132 miles away. The roads are rough all the way and it is feared rain will make them impassable.

The Studebaker E. M. F. auxiliary confetti car, struck a rock while rounding a sharp turn and Mechanician Gray was thrown out on his head, sustaining severe injuries.

The Maxwell press car was ditched when a farmer ran out with a pitchfork to stop it. In addition to these the Chalmers-Detroit No. 3 was penalized a point for adjusting a mud guard and the Jewell car was penalized 5.8 points for tightening the hub flange cap.

The following cars have perfect scores to date:

Touring cars—Two Premiers, two Morrond, two Pierce and one each Maxwell, Jewell, Glide, Thomas and White.

Roadsters—Three Molines, two Pierces, one Chalmers-Detroit and the Lexington.

Toy Tonneau—American Simplex, Chalmers and Premier, a perfect score for the entire class.

**BARNACLES REMOVED
CITY SAVES \$200,000**

DES MOINES, Iowa, July 20.—NWEST ddp:olssmo.W4 shrdl Just what a commission form of government means to a city, just what may be accomplished by the elimination of "the old gang" of politicians and the substitution of business men, is told in the report of John W. Hawk, city auditor of Des Moines, just issued.

That this city, under what is known as the Des Moines plan, is \$182,949.65 better off at the close of its first year under commission government than it was at the close of the last year under the old ward system is proved in dollars, cents and fractions. The accomplishment furnished a study worthy of consideration by American municipalities.

On April 1, 1930, nine aldermen stepped out of office in Des Moines and turned the entire management of the city over to a board of five commissioners elected at large.

WOMAN SHOTS YOUNG MAN

DULUTH, Minn., July 20.—Byron Quigley, aged 21 years, son of James R. Quigley of Duluth, was accidentally killed at Pokegama lake by Mrs. John Griffiths of Bovey, Minn. Quigley had a revolver in his coat pocket and Mrs. Griffiths took it, with the remark that it was heavy and would get his coat out of shape. It was discharged and Quigley was almost instantly killed.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. **TRAMP DISAPPEARS
INTO THIN AIR**

FOND DU LAC, Wis., July 20.—William Crothers, an English tramp, arrested here for vagrancy, disappeared from the police station Friday night and no trace of the prisoner has been found.

The escape of the man is a mystery, inasmuch as all the doors and windows are and have been found to be locked and securely barred when the police officials walked into the station. The only opening through which the prisoner could possibly have escaped without aid is the wide ventilating shaft in the roof of the jail, but as all the clothing in the jail was intact, and the prisoner had no rope in his possession, it is impossible that he could have found egress through the shaft unaided.

**OFFERS \$20,000
FOR JOHNNY KLING**

NEW YORK, July 20.—That President Charles Ebbetts is willing to spend \$20,000 right now to get new players for his Brooklyn club is demonstrated by his offer of \$20,000 to Charley Murphy, president of the Cubs, for catcher Johnny Kling. For fully half an hour yesterday Ebbetts and Murphy talked the deal over, and when asked if anything had been accomplished Murphy was silent for a few seconds, but finally said:

"President Ebbetts has made me an offer of \$20,000 for Kling, but I have done nothing in regard to it. You know Kling will have to play with my team first. He is a great player, and I must not act too hastily in his case."

**Beware of Ointments for Catarrh
that Contain Mercury.**

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 50c per bottle. YOUR GENERAL HEALTH DEMANDS

That all your organs work normally. That no strain exists on any special organ. That no pressure exists on any of the nerves.

THE EYES ARE SMALLEST ORGANS IN THE BODY

As long as you are awake the tiny muscles are being strained in your service and the sympathetic nerves cause headache, dizziness, vertigo, nervousness and often loss of sleep.

If the refracting media of the eye is not perfect these muscles have to work all the harder and eventually result in breaking down the walls and tissue, thus bringing on torturous diseases and often loss of sight.

Wearing the kind of glasses I can fit you with, wards off all this trouble, promotes comfort, makes your work easy and gives you permanent relief of headache, insuring good sight for old age. Why do you wait longer?

Would You Go Blind for the Cost of My Perfect Fitting Glasses?

You that are wearing cheap glasses picked up at the stores do not know what harm you are doing. Let me prove this to you right now. Come to my office and after examining your eyes I'll furnish the glasses.

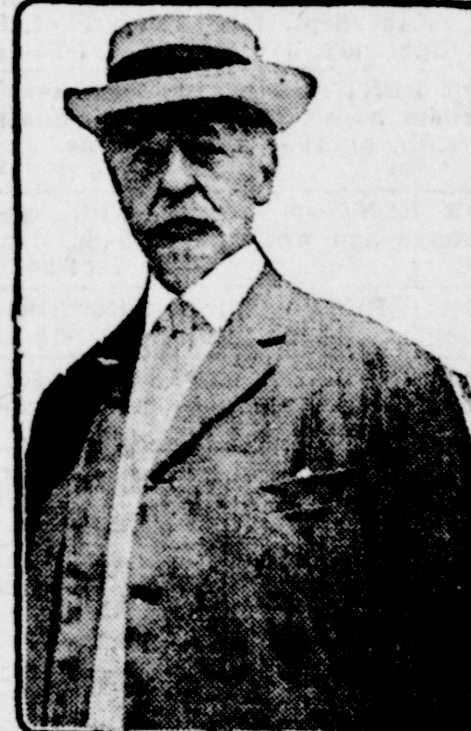

To those of you who have to wear two pair of glasses or are wearing the old style double lenses (Befocals) let me say I can now make you one pair that will help you to see far and near with the same pair and you will not be bothered with those lines in the lenses which are so noticeable and indicate old age. I can make better glasses than you can obtain anywhere else because I know how and devote all my time and study to learn the eye needs.

**AT ODDS WITH EARLE WARRANTS ISSUED
FOR CATARACT MEN**

Thomas B. Harned, as he was leaving the Federal building after pleading not guilty to indictments against him in connection with the sugar trust.

NEW YORK, July 19.—Thomas B. Harned, the indicted counsel for Adolph Segal, president of the Pennsylvania Sugar Refining company, has broken the last thread binding him to George H. Earle, Jr. Those familiar with the inside workings of the sugar trust investigations know that Mr. Earle endeavored to protect Harned from indictments because of the service he rendered the prosecution during Mr. Earle's case against the trust.

The trouble arose over an alleged interview, in which Harned took exception to the government's course and termed his own indictment an outrage. He has since denied this interview, stating he was misquoted, but in his denial he called the whole affair an agitation and this has nettled Earle to action. In an open letter signed by George Earle, Jr., he severely attacks Harned for his course.

**HUGHEY TO HAVE
A NEW SPEED BOAT**

According to the Savannah Times, W. E. Hughey, the Bellevue motor boat racing owner has announced that next year he will have a new 40 foot racer, with which he expects to clean up every boat on the upper Mississippi. It will be called the Red Top III and will be built on the same lines as the famous little speed boat, Teaser, of Quinsy, which made such a good showing at the races at Burlington last Tuesday.

Perhaps the way of the transgressor is hard because it is the beaten track.

SPARTA, July 20.—(Special.)—
**WARRANTS ISSUED
FOR CATARACT MEN**

Warrants were issued for seven members of the gang who assaulted the old man by the name of Allen at Cataract, who it was reported was hung until he was nearly dead, because it was alleged he had stolen some money from another aged man.

An investigation followed the report of the assault by District Attorney Abel and the officers rounded up five of the seven men implicated without trouble but the other two were not arrested by the officers until yesterday. The alleged members of the gang are Frank Masterston, Frank Young, Dr. Ray Heburn, Ed Mayfield, Andrew Johnson, Wm. Mengelt and Andrew Baume.

The seven were brought before Justice Shotts and placed under \$500 bonds to appear for a hearing in the same court Tuesday, July 20.

This case promises to be the biggest sensation in the county and is said to be far worse than the Kendall tar and feather episode of last fall.

The latest reports of the affair by eye witnesses state that the victim of the gang's lawlessness was so severely beaten that his condition was precarious and other unconfirmed rumors have been afloat that he had died as a result of his injuries.

Improving Hospital Corps.

First instruction in field work was given the state militia contingents from Indiana, Illinois, Ohio, Michigan and New York today at Camp Robinson, under the supervision of Major Foutrelroy and staff from Fort Russell, Cheyenne, Wyo. The work of instructing the medical men was started last week when lectures were given for their benefit on different subjects pertaining to the regular army service requirements of the hospital corps.

Today the regular army tactics

and work behind the firing line was gone through the same as would be necessary in time of war.

Before the camp breaks this fall over one hundred state militia detachments from almost every state in the union will have received instruction of this character and by this means the government army officials expect to increase the efficiency of the state militia surgeons and doctors, that they will be practically on a par with the regular army hospital corps in time of actual warfare.

Many people with chronic thro and lung trouble have found comfort and relief in Foley's Honey and Tar as it cures stubborn coughs after other treatment has failed. L. M. Reagles, Reasnor, Iowa, writes: "My doctors said I had consumption, I got no better until I took Foley's Honey and Tar. It stopped the hemorrhages and pain in my lungs and they are now as sound as a bullet." O. T. Erhart.

**DISPUTE OVER TOOLS
ONE IS STABBED**

MILWAUKEE, July 20.—A quarrel over possession of tools is said, Edgar Davis, aged 20 years, a machinist, was stabbed in the right breast at 3:30 o'clock Saturday afternoon. Joseph Patti, aged 31 years, a laborer, is locked up charged with having done the stabbing.

Davis was taken to St. Mary's hospital. He had a wound four inches long in his breast. His condition is serious.
